

## *Tamper-proof system for type tests*

● RAJ Lubricants (Madras), manufacturers and exporters of transformer oil has developed a unique computer based tamper-proof recording system for monitoring type-tests of transformer oil. The multichannel recording system records the proceedings of the type tests simultaneously of all the channels.

The company claims this will greatly help the inspecting authorities in testing transformer oil. Enquiries: Raj Lubricants (Madras) Private Ltd., 12, Kailasam Street, Tondiarpet, Chennai-600 081. Phone: 5954311/5952484.
