## **Raj Petro poised for Rs 1,000 cr turnover**

**CHENNAI:** Raj Petro Specialities is betting big on speciality lubricants. On the back of a technical arrangement with Proventus of the UK, the company, which exports to 56 countries, has an indigenised product portfolio that caters to food, pharma, chemical and heavy engineering industry. Part of the closely-held diversified Rs 850-crore Raj Group, the flagship company claims to be a market leader in the field of process oils and conventional lubricants for industrial and automotive applications. The lubricants and process oils market is estimated to be worth Rs 900 crore, of which RPS claims to have a 7% share in the domestic market.
